Per your request--log of receipt in Review Staff of DDCI items due 20 October. We had asked that they be sent as finished in order of the list--to save time. Only NFAC did so--not sure [redacted] even got that word from [redacted] inasmuch as all came in one memo and didn't address item 10 at all--still missing.

Mr. Janney:

D/Pers
SE 58 Hqs.

Did I understand you to say you had talked with [redacted] about the DDS&T panel system? You will recall I mentioned OD&E had an odd set-up of advisory panels, and now I find from [redacted] that OTS has an equally odd set-up of evaluations being fed up through a panel or group system to a board. I told [redacted] to talk to [redacted] . . . but think the whole S&T show had best be reviewed before they get into trouble with some employee protesting to the Admiral. Our simple statements that all Career Services have Panel and Board systems implies more conformity than apparently exists.

1. These are the remaining responses to the DDA's request for certain information preparatory to the DCI's session on 30 September 1978.

Attached:

a. A listing of personnel-related Regulations and Handbooks currently in coordination.

b. A listing of Regulations that have been modified or issued since March 1977 that are related to the DCI's actions.

c. A listing of uniform promotion guidances that have been issued to date.

d. A chart depicting conversions of clerical and technical personnel to professional status.

2. The responses to DDA's request for an updated GANT Chart, copies of the Attitudinal Survey and the MAG proposals relative to a separate Personnel Policy Staff were delivered on 26 September 1978.
